I'm Just a Spider

I'm just a spider, hanging here.
I spin my web all day.
I work so hard now on my web
I don't have time to play.

Some people say I'm scary
And I don't know what for.
But what those people need to know
Is that they scare me **more!**

'Cause I'm just a spider ~ it's my job
To spin my web each day.
I don't try to frighten you...
So be kind with what you say.
