

Thank You Dad

Thank you Dad for everything,
You always do for me.
For getting up real early
To watch cartoons on our TV.

And for teaching me to throw a ball,
And how to ride my bike,
And for baking cookies for my class,
Chocolate chip - the kind I like!

You taught me how to fish and swim,
You helped me learn and grow.
I'm proud to be your (son, daughter) Dad,
I think that you should know!

Substitute "son" or
